

"Peaches is a 13-year-old Moluccan Cockatoo from Indonesia. She is fed fruits and vegetables every morning to maintain her salmon color, but she does love an occasional Double-Double from In-N-Out Burger! If she hears anyone in the house taking a shower, she will get out of her cage and walk towards the noise of the shower and knock on the door with her beak. She loves walking in the shower! She is very friendly and has a big crush on my 24-year-old son, Brian. Cockatoo's can live up to 90 years old and will be our son's inheritance!"
