Late this afternoon, we received notification that an individual associated with the college tested positive for COVID-19. This individual was known to last be **on campus on March 31, 2020, at approximately 9 a.m., in the Professional Center (PC) and the Center for Innovation (CI) Buildings**. We have been in contact with this individual and remain in communication with the Los Angeles County Department of Public Health. We have taken steps to clean and disinfect all areas that this individual may have accessed, in accordance with guidance from the Centers for Disease Control and Prevention (CDC).

We realize that this news may be unsettling and want to reassure you that the safety and well-being of the Citrus College community remains our top priority. Please join in sending well wishes to this individual, and continue to keep our college community and surrounding communities, in your thoughts during these trying times.

Stay safe, remain healthy, and follow the recommended "Safer at Home" orders issued by the governor. If you have questions about possible exposure, contact the Los Angeles County 2-1-1 line or your primary care physician.
