District employees, students, and visitors who are witnesses or victims of a crime should immediately report the crime to the Citrus Community College District Department of Campus Safety (Department of Campus Safety).

If an employee is assaulted, attacked, or menaced by a student it shall be the duty of that employee, and/or the duty of the employee’s supervisor or the dean of students, to promptly report the incident to the Department of Campus Safety. If an employee is assaulted, attacked, or menaced by another employee, the employee shall notify his/her supervisor as soon as practical after the incident. The supervisor of any employee who is attacked, assaulted, or menaced shall assist the employee to promptly report the incident to the Department of Campus Safety. The supervisor himself/herself shall make the report if the employee is unable or unwilling to do so. Reporting a complaint to the Department of Campus Safety and/or other local law enforcement will not relieve the District of its obligation to investigate all complaints of harassment.

The District may publish timely warnings to the campus community about the following crimes that have been reported to the Department of Campus Safety:

- criminal homicide – murder and non-negligent manslaughter;
- criminal homicide – negligent manslaughter;
- sex offenses – forcible sex offenses;
- sex offenses – non forcible sex offenses;
- domestic violence, dating violence and stalking;
- robbery;
- aggravated assault;
- burglary;
- motor vehicle theft;
- arson;
- arrests for liquor law violations, drug law violations, and illegal weapons possession;
- persons who were not arrested for liquor law violations, drug law violations, and illegal weapons possession, but who were referred for campus disciplinary action for same;
• those that manifest evidence that the victim was intentionally selected because of the victim’s actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability and involve larceny-theft, simple assault, intimidation, destruction/damage/vandalism of property, or any other crime involving bodily injury;
• those reported to the Department of Campus Safety or Glendora Police Department; and
• those that are considered to represent a continuing threat to other students and employees.

Timely Warning

In the event that a situation arises, either on or off campus, that in the judgment of the vice president of student services or designee constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The purpose of a timely warning is to aid in the prevention of similar crimes and to report to the campus community the following crimes that have been reported to the Department of Campus Safety to have occurred on campus, in or on non-campus buildings or property, and on public property.

The timely warning described above will be issued through the college e-mail system to students, faculty, staff; open postings; and the college web site. Information regarding a timely warning shall be disseminated by the Department of Campus Safety in consultation with the Superintendent/President, or designee, in a manner that aids the prevention of similar crimes.

For purposes of this policy, “campus” shall mean: (1) Any building or property owned or controlled by the District within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, its educational purposes, including residence halls; and (2) Any building or property that is within or reasonably contiguous to the area identified in paragraph (1), that is owned by the District but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor). For purposes of this policy, “non-campus building or property” shall mean: (1) any building or property owned or controlled by a student organization that is officially recognized by the District; or (2) any building or property owned or controlled by it that is used in direct support of, or in relation to, the its educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. For purposes of this policy, “public property” shall mean all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the District campus, or immediately adjacent to and accessible from the campus.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the vice president of student services or the Department of Campus Safety supervisor may also post a notice on the campus-wide electronic bulletin board on the college website at www.citruscollege.edu, providing the community with more immediate notification. The
electronic bulletin board is immediately accessible via computer by all faculty, staff students, and other members of the community. Anyone with information that may require a timely warning should report the circumstances to the Department of Campus Safety by phone at (626) 914-8611 or in person at the Department of Campus Safety.

The District shall not be required to provide a timely warning with respect to crimes reported to a campus professional counselor. For purposes of this policy, campus “professional counselors” are District employees whose official responsibilities include providing mental health counseling to members of the District community and who are functioning within the scope of their license or certification. This definition includes Student Health Center, Mental Health Therapists, and does not include academic counselors. When acting as such, professional counselors are not considered to be campus security authorities and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary, confidential basis for inclusion into the District’s annual crime statistics.

If there is an immediate threat to the health or safety of students or employees occurring on campus, the District shall follow its emergency notification procedures as outlined in the District’s Emergency Response Plan, Administrative Procedure 3505. When the District follows its emergency notification procedures, it is not required to issue a timely warning based on the same circumstances; however, it shall provide adequate follow-up information to the community as needed.

Annual Reporting

The District shall annually collect and publish statistics concerning crimes on campus. All District employees with significant responsibility for student and campus activities shall report crimes about which they receive information.

The District shall publish an Annual Security Report every year by October 1 that contains statistics regarding crimes committed on campus and at affiliated locations, as described above, for the three most recent calendar years. The Annual Security Report shall include, among other things, policies pertaining to campus security, alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, victims’ assistance program, student discipline, campus resources, and other matters. The District shall make the report available to all current students and employees. The District will also provide prospective students and employees with a copy of the Annual Security Report upon request. A copy of the Annual Security Report can be obtained by contacting the Department of Campus Safety or at: http://www.citruscollege.edu/stdntsrv/security

Confidential Reporting

If the victim of a crime does not want to pursue action within the District’s system or the criminal justice system, they may still make a confidential report. With the victim’s permission, the Department of Campus Safety can file a report on the details of the incident without revealing their identity. The purpose of a confidential report is to comply with the victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of the victim and others. With such information, the District can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

The Department of Campus Safety encourages anyone who is the victim or witness to a crime to promptly report the incident to the Department of Campus Safety or the Glendora Police Department. However, because police reports are public records under state law, the Department of Campus Safety cannot guarantee the confidentiality of law enforcement’s reports. Confidential reports of crime may also be made to the Student Health Center at (626) 914-8671.

The District may disclose the final results of a disciplinary proceeding to a victim or survivor of an alleged perpetrator of a crime of violence or a non-forcible sex offense, regardless of the outcome. The District shall also disclose to anyone, the final results of a disciplinary proceeding in which it concludes that a student violated District policy with respect to a crime of violence or non-forcible sex offense. In addition to non-forcible sex offenses, the crimes of violence that apply to this permissible disclosure are:

- Arson;
- Assault offenses;
- Burglary;
- Criminal homicide – manslaughter by negligence;
- Criminal homicide – murder and non-negligent manslaughter;
- Destruction, damage, or vandalism of property;
• Kidnapping or abduction;
• Robbery;
• Forcible sex offenses.

The disclosure may only include the final result of the disciplinary proceeding with respect to the alleged criminal offense. The District shall not disclose the name of any other student, including a victim or witness, unless the victim or witness has waived his/her right to confidentiality.

Required Reports to Local Law Enforcement Agency

Any report of willful homicide, forcible rape, robbery, aggravated assault, sexual assault, or hate crime, committed on or off campus, that is received by a campus security authority and made by the victim for the purposes of notifying the District or law enforcement must be immediately, or as soon as practicably possible, disclosed to the local law enforcement agency. The report shall not identify the victim, unless the victim consents to being identified after the victim has been informed of his/her right to have his/her personally identifying information withheld. If the victim does not consent to being identified, the alleged assailant shall not be identified in the information disclosed to the local law enforcement agency.
