

CITRUS COMMUNITY COLLEGE DISTRICT STUDENT SERVICES

AP 5210 COMMUNICABLE DISEASES

Reference: Education Code Section 76403, 87408, 87408.6, and 88021; Health and Safety Code, Section 1250.11

The District shall comply with all state and federally mandated health requirements relative to infectious disease, including:

- Cooperation with local health officers in measures necessary for the prevention and control of communicable diseases in students and
- Compliance with any immunization program required by State Department of Health Services regulations.

It should be noted that the impetus behind these statutes appears to be public health controls for hepatitis B, and nothing in the statutes authorizes or requires screening for HIV or AIDS.

The Student Health Center provides:

- Health education and intervention for communicable disease prevention, including disease reporting to the Los Angeles County Office of Public Health.
- Standard immunizations required and/or recommended for the prevention of communicable diseases.
