

CITRUS COMMUNITY COLLEGE DISTRICT BOARD POLICY

P-4250
Page 1 of 1

INDUSTRIAL ACCIDENT AND INDUSTRIAL ACCIDENT ILLNESS LEAVES

When an employee is absent from a required duty period because of a compensable industrial injury or illness, Industrial Accident leave will commence on the first day of absence for a maximum of 60 days in any one fiscal year for each accident. Leave shall not be accumulative from year to year. When an Industrial Accident or Illness leave overlaps into the next fiscal year, the employee shall be entitled to only the amount of unused leave due the employee for the same illness or injury.

The employee will receive the employee's regular wage. The District will pay the difference between the Workmen's Compensation payment and his regular wage. All compensation checks will be endorsed to the District. Leave will be used in the following order: Industrial Accident leave up to 60 days, accumulated sick leave, vacation leave, and any other accumulated time.

When all available leaves of absence, paid or unpaid, have been exhausted and if the employee is not medically able to assume the duties of the position held, the employee shall be placed on a reemployment list for a period of 39 months. If the employee is medically recovered and available during the 39 month period, the employee shall be employed in any vacant position or previous classification over all candidates except for those on a reemployment list established as a result of a layoff in which case the employee shall be listed in accordance with appropriate seniority. If when an employee who has been placed on a reemployment list fails to accept an appropriate assignment the employee shall be terminated.

Employees receiving these leave benefits must remain within the State unless released, by the Board, to travel. Periods of leave under this policy shall not be considered a break in the service of the employee.

The District shall require a certified statement in writing by the attending physician prior to an individual's return from authorized leave that the employee is medically able to return to the employee's position.

This accident and illness leave shall become effective immediately upon employment in this District.

The definition of an industrial accident and/or illness shall be: "whenever an employee is compelled to be absent from duty on account of an injury or illness arising out of, and in the course of the employee's employment."
