CITRUS COMMUNITY COLLEGE DISTRICT
BOARD POLICY

PROBATION AND DISMISSAL

At the end of each semester, the college will determine the academic standing of all students enrolled in credit courses. Placement on academic probation is based on the earned grade point average in all units attempted at the college. Placement on progress probation is based on the completion rate for all coursework. Dismissal occurs when a student fails to improve the grade point average and/or completion rate over a designated number of terms adequate to be removed from probation.
