CREDIT/NO CREDIT GRADING OPTION

Citrus College students shall have the option to be evaluated on a Credit/No Credit grading basis in courses approved by the Curriculum Committee. Courses recommended by departments as Credit/No Credit options shall be so indicated in the College Catalog.

A student must declare the option by no later than Friday of the third week of a semester for a full semester length class (or 17% of the length of a class of any other term length) by filing a Credit/No Credit petition.

The maximum number of Credit/No Credit units authorized to meet College degree and certificate requirements shall be twelve (12) units during four or more semesters with no more than one such course option during any one semester or summer session. Courses where all students are evaluated on Credit/No Credit basis are so indicated in the College Catalog and shall be excluded from the twelve unit limitations.
