

Concurrent enrollment allows K-12 students the opportunity to enroll in advanced scholastic college courses at Citrus College. Please review the Information, and Requirements page for detailed information on requirements to participate in the program.

### **Application Process**

#### **Step 1. Apply to Citrus College**

New students must [apply online](#) (Select “Applying for Admission” under the Admissions, Registration and Records tab of the college website). Student who have not enrolled at Citrus College in the previous two terms (returning students) must submit a new application. Continuing K-12 students need not submit a new application unless they are graduating, and meet the criteria to enroll as a first time college student.

#### **Step 2. Receive Welcome Email**

Check the email you used to submit your application for the Welcome Email that contains your student ID number, and Citrus College email account. Students must activate their Citrus College email in order to receive information regarding registration, class information, and any other college communication.

#### **Step 3. Submit Concurrent Enrollment Packet**

Students must submit the Concurrent Enrollment Packet (Information and Requirements form and the Concurrent Enrollment Authorization Form) for each term they wish to enroll. Students enrolled in a Home Study Program must provide proof that the Home Study Program is registered with the State of California. In addition, K-10 students must submit:

- Official K-12 school transcript
- Recommendation letter from K-12 principal

#### **Step 4. Clear Prerequisites, Co-requisites and Other Registration Restrictions**

Students must clear prerequisites, co-requisites, and other class restrictions before registering for courses. In some instances, this will require the student to take the placement test and/or meet with a Citrus College counselor. Please review the course description found in the college catalog for additional information.

#### **Step 5. Register for Classes**

All students are assigned a registration appointment date on [WingSpan](#). There is a YouTube video on [how to view your registration appointment](#). Students can register online in [WingSpan](#) on their registration date, or thereafter. Students who experience technical issues logging into email, WingSpan, wireless access, or Blackboard should review the [Student Login Guide](#). There are also YouTube videos on [how to search the class schedule](#) and [how to register for classes](#).

### **Recommended Deadlines**

Registration ends prior to the start of each semester. Because classes fill quickly, students are encouraged to apply, and submit the Concurrent Enrollment Authorization Form to Admissions and Records by these deadlines:
