Psychology											
PSY 101	Introduction to Psychology			3 Units		PSY 206	Child Growth and Development			3 Units	
Strongly recommended: READ 099 if required by reading placement exam or if required by reading level.						Strongly recommended: READ 099 if required by reading placement exam or if required by reading level.					
The course is an introduction to psychology as an empirical science involving a synthesis of theory and research within the domains of behavior, cognition and affect. Students are expected to work and participate using critical thinking skills, thoughtful analysis/synthesis of readings, presentations and discussions within the class environment. 54 lecture hours. CSU UC						Students will critically examine theories of child development in the physical, intellectual and social-emotional areas as they pertain to the various ages and stages in a child's life from the prenatal development through adolescence. Practices in caregiving, teaching, and parenting that derive from diverse cultural and theoretical perspectives will be analyzed. Students will learn to observe and assess children's development and gain insight into the impact of culture on the process of socialization. 54 lecture hours. CSU UC
