

## Halloween Fun at the Children's Center

Halloween is such a fun, dramatic play day for preschoolers.

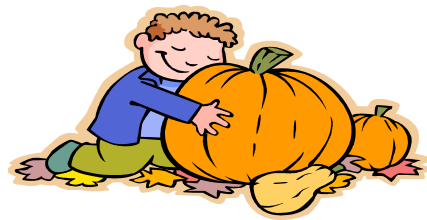

Wearing costumes, carving jack-o-lanterns, singing Halloween songs, face painting and Halloween art are some of the things our classes will be doing on Halloween. We will also share some special Halloween snacks, if you care to send some special treats talk to your child's teacher.

If you are planning on having your child wear a costume to school, please be aware that scary costumes are not appropriate for preschoolers. We would like the children to have fun, not be frightened.

Superhero costumes (any superhero that fights) will not be allowed. This type of costume tends to increase aggression. We are teaching the children to use their words during conflicts with their peers. Please do not send any type of costume prop with your child. We would like them to be able to run, climb, and enjoy "treats" without being burdened by holding onto something.

Thank You!

Happy Halloween!
