

Citrus College

Position Description

Position: Accounting Technician	Position Number:
Department/Site:	FLSA: Non-exempt
Evaluated by:	Salary Range: 36

Summary

Provides technical general ledger accounting services assuring accurate and timely budget and financial information that can be used for current and future financial and program decisions. Maintains complete financial records for categorical and special funds. Performs reviews and reconciliation of a full range of general fund accounts.

Distinguishing Career Features

The Accounting Technician is the senior-most in a multi-level career ladder for clerical and technical accounting. The Account Clerk I requires competency in accessing and entering alpha and numeric data, ability to accurately post data to proper account classifications, and the ability to rapidly perform arithmetic calculations. Advancement to Account Clerk II requires demonstrated competency in processing a full range of transactions for several closely related accounting area such as cash, accounts payable and receivable. The Account Clerk III will serve in a technical leadership and control role over areas such as cash management. The Accounting Technician will demonstrate knowledge of generally accepted accounting practices and will have competency in general ledger, cost analysis, and fund accounting.

Essential Duties and Responsibilities

- Maintains chart of accounts for grant, categorical, and special project funding. Sets up contract files, related documentation, and reporting requirements. Verifies and codes claims for reimbursements. Prepares reports of financial activity against budgets.
- Analyze adjustments and consolidate income, expense, and payroll accounts to support financial and mandated reports, as well as transfer to vendors and external agencies.
- Assists, and may facilitate certain aspects of the budget development process for categorical, special, and general funds. Participates in certain aspects of its preparation, such as data collection and prior-year performance analysis.
- Maintains up-to-date knowledge of the regulations and reporting requirements and procedures connected with categorical, special and general fund programs. Provides technical assistance to staff on financial matters relating to programs.
- Prepares and distributes documents and schedules to support the budget planning and development process. Provides training and technical assistance to support research and preparation of department and program budgets.
- Facilitates and prepares line item transfers. Reviews expense and other requisitions for compliance with applicable standards, rules and regulations, and approved budgets, analyzing variances and resolves variances with appropriate managers. Monitors expenditures of funds carried over from prior fiscal periods.

- Participates with input of budget data. Complies with established procedures for specialized budgets. Analyzes budget reports to assure expenditures do not exceed appropriations. Enters pre-encumbered funds onto an automated accounting system using a data entry screen.
- Provides technical expertise to staff for budget/financial areas. Provides financial and budget analysis as needed by senior staff. Performs special financial data gathering for items such as indirect costs and overhead allocations that would be applied to special funds and categorical programs.
- Interprets and administers the policies, rules, and regulations established the Board of Trustees including governmental accounting controls established by the Business Services department. Works with departments, programs, and sites to complete financial transactions with established parameters.
- Works with technology professionals to update and modify certain aspects of the computer-aided accounting system such as, but not limited to accounting controls, database fields and data entry screens.
- May maintain a job control system, as it relates to specific funds. Monitors allocation of jobs to assure compliance with special fund requirements.
- Provides technical support to departments accessing computerized accounting systems and databases that contain financial and statistical information.
- Reconciles cash accounts, fund balances, vendor, and specific balance sheet asset accounts. Reviews revenue and expense accounts. Reclassifies accounting transactions into proper account classifications.
- Reviews and analyzes transactions processed by others for accuracy, proper account coding or classification and allocation. Follows up with vendors, suppliers, and agencies to reconcile transactions.
- Assists auditors with the review of financial records and transactions.
- Prepares work-in-progress reports depicting monthly account activity, year-to-date balances and variances. Works with functional leaders to prepare narrative explanations of account activity. Prepares tax returns.
- Participates in the preparation of periodic financial statements and categorical reports, including variance analysis, for advisory/regulatory groups and administrators. Assists with opening and closing of financial records based on fiscal year.
- May provide leadership to other accounting and payroll staff.
- Performs other duties as assigned that support the overall objective of the position.
