## Ceramics Department News

The lovely city of Glendora is now even lovelier; thanks to the help of ceramics teacher Mike Hillman and several of his students. Hillman and Debbie Boese, Lynn Hendricks, Judy Miller, Eli Terriquez and Deanne Wiley, recently completed an art project for a new commercial development located on the northwest corner of Grand Avenue and Route 66 in Glendora. The project, entitled "Grand/66," was the result of a requirement that mandated public art be incorporated into the development before final approval for construction could be granted. The group began working on the project in mid-May 2007 and installed the last piece on August 28th. Upon completion of the project, the shopping center developer presented the Citrus College Foundation with a financial contribution to express their appreciation for the work of the students.
