Citrus College

We are Fully Accredited!

Welcome to Spring Semester 2010 at Citrus College!

Here at Citrus College we have a lot to celebrate: our reaffirmation of accreditation; our men's basketball team poised to win the State Championship; the progress made in the Voc Tech, Security and Student Services buildings; and nearly 10,000 students who have enrolled for spring semester. As always, the Weekly Bulletin will keep you informed! If you are interested in submitting news and/or event information for publication in the Weekly Bulletin, please e-mail it to squillen@citruscollege.edu. Space is limited, so please keep your submissions to 200 words or less. Include the basic details (who, what, when, where, why) and the name and phone number of a person to contact for additional information. All submissions are due the Wednesday prior to the week of publication.

Please remember that information regarding employee achievements and/or personal milestones will be announced in the first Weekly Bulletin of each month. Inclusion in the Weekly Bulletin is determined at the discretion of the Office of External Relations. We look forward to hearing from you!

Men's Basketball Update

In their last game played on February 10, the Fighting Owls defeated Glendale College 76-74 and sealed their "third straight out-right championship." The team will play their final regular season home game Wednesday, February 17 against West L.A. at 7:00. For a recap of the February 10 game visit <http://www.citruscollege.edu/Athletics/MensBasketball> and click the article, "Big Players Make Big Plays."

APU Announces Alarm Testing

On Thursday, February 18, APU will conduct its first fire drill using its new public address system. The East Campus is scheduled for a morning drill. Due to Citrus College's proximity to the APU campus, we may be able to hear the drill, which will include a siren and an announcement. The APU staff thanks us in advance and apologizes for any inconvenience the test might cause.
