

2009-2010 Intersegmental General Education Transfer Curriculum (IGETC)

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program that community colleges transfer students may use to fulfill lower-division general education requirements in either the UC or the CSU system without the need to take additional lower-division general education courses. The IGETC pattern is most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus. Completion of IGETC does **NOT** guaranteed admission, nor is it required for admission. (All courses must be completed with a "C" or better.)

Some students may be better served by taking courses, that fulfill the CSU General Education-Breadth requirements or the requirements of the UC campus or other colleges to which they plan to transfer. Students pursuing majors that require extensive lower-division major preparation may not find the IGETC option to be advantageous. **Before selecting any courses, please see an advisor or counselor for assistance in planning your program.**

The IGETC may NOT be the appropriate option for transfer to the following schools:

UC Irvine – Schools of Engineering, Biological Sciences or Physical Sciences
UC Merced – The schools of Engineering and Natural Sciences do not recommend IGETC
UCSD – Revelle and Eleanor Roosevelt College

The IGETC is NOT recommended for students planning to attend the following schools:

UC Berkeley – Colleges of Business, Chemistry, Environmental Design, and Engineering
UC Davis – Students preparing for a Bachelors of Science are encouraged not to pursue IGETC, instead focus on major prep
UC Los Angeles – School of Engineering and Applied Science
UC Riverside – College of Natural and Agricultural Sciences
UC Santa Barbara – College of Engineering and Computer Science major in Letters and Science.
UC Santa Cruz – Majors in the Physical and Biological Sciences or the School of Engineering.

IGETC CERTIFICATION

It is the student's responsibility to request IGETC certification during the last semester of attendance at Citrus prior to transfer. Requests for IGETC certification may be filed in the Admissions Office at the same time of transcript request. It is strongly recommended that, before petitioning for IGETC certification, students consult their Citrus College advisor or counselor regarding fulfillment of IGETC requirements. Some private and out-of-state colleges and universities will accept the completed IGETC to meet their lower-division general education requirements.

PRIVATE AND OUT OF STATE SCHOOLS THAT ACCEPT IGETC

AICU, Alliant International University/USIU, APU, Biola University, California Lutheran University, Chapman University, Cogswell Polytechnical College, Concordia University, Dominican College of San Rafael, Hawaii Pacific University, Holy Names College, JFK University, Menlo College, National University, Notre Dame de Namur University (formerly College of Notre Dame), Saint Mary's College of California, Scripps College, Southern University-Baton Rouge, (LA), United States International University, University of La Verne, University of Northern Colorado, University of San Francisco, University of the Pacific, Vanguard University of Southern California, and Woodbury University.

IGETC CHECKLIST

A summary of requirements for IGETC certification is listed below.

1. The institution is accredited by the Western Association of Schools and Colleges or an equivalent accrediting body.
2. A course taken at a California Community College is applied to the subject area in which it is listed by the institution where the work was completed (check www.assist.org for IGETC list).
3. Coursework taken at an institution other than a California Community College is used for IGETC requirements only if Citrus or another California Community college offers an equivalent course **and** is included on their IGETC pattern.
4. The grade received in course is C (2.0) or higher. A grade of C- is not acceptable. A "Credit" or "Pass" that is defined by institutional policy as being equivalent to a grade of C (2.0) or higher may be applied to IGETC requirements.
5. Coursework is not from a foreign university.
6. Each course is a minimum of 3 semester or 4 quarter units.
7. A science lab course is a minimum of 4 semester or 5 quarter units.

For more information please refer to www.assist.org for your official source for California articulation and student transfer information.

2009-2010 Intersegmental General Education Transfer Curriculum (IGETC)

TRANSFER TO THE UNIVERSITY OF CALIFORNIA SYSTEM: *Admission Requirements for the University of California*

Students transferring to the UC system from Citrus College may, in most cases, follow the Intersegmental General Education Transfer Curriculum (IGETC) to meet lower division General Education requirements. To be a **competitive** transfer applicant to most UC campuses, higher grade point averages are required. Students are advised to visit the Career/Transfer Center for a realistic estimation of the current grade point average required for admission to major programs at various campuses, and to verify if IGETC will meet their lower division General Education requirements.

To be minimally eligible to transfer to the UC system, a student with California residency must accumulate a minimum of 60 UC transferable units from an accredited college or university while maintaining a minimum 2.4 grade point average. Non-residents must have a minimum grade point average of 2.8 and 60 UC transferable units.

The University of California allows up to 70 transferable units from a community college. Students who have already completed 70 or more transferable units at a community college may still complete subject credit (e.g. to finish IGETC or major requirements) but will not be able to transfer more than 70 units of credit to the University of California. In addition to having a competitive record, the following sets of requirements must be met in order to transfer:

- A. Complete 60 semester or 90 quarter units of transferable college credit with a grade point average of at least 2.4, **and**
- B. Complete a 7 course pattern to include (1) two transferable college courses in English composition; and (2) one transferable college course in Mathematical Concepts and Quantitative Reasoning; and (3) four transferable college courses chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, the physical and biological sciences. NOTE: **This seven course pattern will automatically be met if the Intersegmental General Education Transfer Curriculum (IGETC) is followed.**

UC Impacted Majors

Some majors at UCLA, UCB and other UC campuses are "highly selective". This means that certain courses in the major must be completed prior to transfer with achievement of a high GPA. For additional information please meet with a counselor or advisor and check out www.assist.org.

UC Priority Application Filing Periods

| To Attend | Apply |
|-------------|---|
| FALL 2010 | November 1 st – 30 2009 |

| SPRING 2010 | October 1 st – 31 st 2009 |

"Avoid the Competition, Guarantee yourself Admissions"

University of California Transfer Admission Guarantee Program (2009-2010)

Seven UC campuses offer guaranteed admission to California community college students who meet specific requirements. By participating in a Transfer Admission Guarantee (TAG) program, you can receive early review of your academic record, early admission notification, and specific guidance on major preparation and general education coursework. (You may have multiple TAG agreements) A list of eligibility criteria and special notes for each campus are provided below.

To pursue a TAG, you should:

- fill out the TAG application and review it with your community college counselor/advisor and/or UC campus TAG adviser before submitting it to your chosen campus; http://www.uctransfer.org/transfer_admis_quar.html
- once your TAG is approved, fulfill all remaining coursework and GPA requirements designated in your TAG agreement; and
- apply for admission to UC during the appropriate filing period see www.universityofcalifornia.edu/apply

Students do not have to participate in TAG to be considered for admission. Non-TAG students should apply for admission during the appropriate application-filing period.

UC Unit Limitations

- + No credit for BIOL 104 if taken after 105 or 124
- + No credit for CHEM 110 if taken after CHEM 103,111 or 114
 - + ENGL 101 and ESL 101 combined: maximum credit, one course
 - + No credit for PHYS 105 if taken after a college level course in Chemistry, Geology, Astronomy or Physics
- + PHYS 111,112 and 201,202,203 combined: maximum credit, one series
 - + SPAN 201 and 210 combined: maximum credit, one course
 - + MATH 162 and 190 combined: maximum credit, one course
 - + MATH 170 and 175 combined: maximum credit, one course
 - + No Credit for MATH 175 if taken after MATH 162
 - + No credit for PHYS 110 if taken after 111 or 201
- + PHYS 111,112 and 201,202,203 combined: maximum credit, one series
- + Maximum units combined of any PE activity classes is 4 units.

All UC campuses accept applications for Fall admission. To determine which UC campuses accept in Winter and/or Spring, call the specific campuses or check www.ucop.edu/pathways.
