

Intersegmental General Education Transfer Curriculum (IGETC) 2011 – 2012

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program that community colleges transfer students may use to fulfill lower-division general education requirements in either the UC or the CSU system without the need to take additional lower-division general education courses. Completion of IGETC does **NOT** guaranteed admission, nor is it required for admission. (All courses must be completed with a "C" or better.)

The IGETC is **not advisable** for all transfer students. The IGETC is most advantageous for transfers who have not yet decided on a major or a campus. Once a student has identified a major, it is important to give priority toward fulfilling all required major preparation courses, particularly in professional or "high unit" majors that select applicants on the basis of satisfaction of lower division major requirements. If a student is pursuing a major that requires extensive lower-division preparation, they may be better served by taking courses which fulfill the CSU General Education/Breadth requirements or the general education of the specific UC campus or college to which they plan to transfer, examples of such majors include, but are NOT LIMITED to: Engineering, Business Administration, Computer Science, Pre-professional schools and Sciences.

Before selecting any courses, please see an advisor or counselor for assistance in planning your program.

UC Minimum Admission Requirements:

- 60 UC transferable units
- 2.4 cumulative GPA for resident students (highly selective campuses and majors may require higher GPAs)
- No more than 14 semester units taken Pass/Not Pass (P/NP)
- 7 UC transferable GE courses (7 course pattern) as follows:
 - 2 courses in English composition (ENGL 101 AND ENGL 103/H, or 104)
 - 1 course in Mathematical Concepts and Quantitative Reasoning (see IGETC Area 2 for approved courses)
 - 4 courses chosen from at least 2 of these subject areas (see IGETC Areas for approved courses):
 - Arts and Humanities
 - Social and Behavioral Sciences
 - Physical and Biological Sciences

IGETC Certification

Citrus College can certify either full certification (completion of all requirements in each subject-area) or partial certification (maximum of two courses missing and completed after transfer) of IGETC. Official transcripts of any coursework completed outside Citrus College must be on file prior or accompany the certification request. Courses taken at other California Community Colleges will be placed in the IGETC area identified by the offering college the term the course was taken. Courses taken at other colleges/universities may be used if the course content meets the IGETC area standards. (Note: UC Berkeley's College of Letters & Science requires full certification of IGETC.)

Students should request certification when a final transcript is requested to be sent to their choice of UC or CSU (campus where admission has been accepted), the term prior to transfer. The "Transcript Request" form is available and can be filed at the office of Admissions and Records. Once certification is completed student records (transcript) will reflect the full or partial certification of IGETC completion.

UC Priority Application Filing Periods

To Attend	Apply
FALL 2012	November 1 st – 30 2011
WINTER 2012	July 1 st – 31 st 2011
SPRING 2012	October 1 st – 31 st 2011

All UC campuses accept applications for Fall admission. To determine which UC campuses accept in Winter and/or Spring, call the specific campuses or check www.ucop.edu/pathways

For more information please refer to www.assist.org for your official source for California articulation and student transfer information

IGETC Exceptions

Some UC campuses may not allow use of the IGETC for students who were previously enrolled at a UC campus. If selecting a high-unit major such as Engineering or the sciences, students should focus on lower-division major prep course work and on completing the UC minimum eligibility general education requirements. Visit <http://assist.org> for more information.

Notes:

- All IGETC courses must be completed with a "C" grade or better; a "C-" grade is not acceptable.
- UCSD Eleanor Roosevelt and Revelle Colleges do not accept the IGETC.

IGETC is not appropriate for students selecting the following majors

Agricultural and Environmental Sciences: UC Davis
Business: UC Berkeley
Engineering: All campuses
Environmental Studies: UC Santa Cruz
Physical Sciences: UC Irvine

Biological Sciences: UC Davis, UC Irvine
Chemistry: UC Berkeley
Environmental Design: UC Berkeley
Natural and Agricultural Sciences: UC Berkeley

Restrictions

A student who is initially enrolled at a UC and is returning to the same UC campus (after attending a community college) is considered a "readmit" and **cannot** use IGETC. However students who initially enroll at a UC, attend a community college and return to a **different** UC campus, may be able to use IGETC, but should check with a Citrus advisor, counselor or the campus they wish to attend. This restriction does not apply to students who have taken UC summer session or Extension classes only. Students initially enrolled at a CSU and then return to the same CSU campus (after attending a community college) should be directed to that campus for questions regarding the use of IGETC. (There is no CSU system-wide policy on this issue.)

Students are encouraged to see a counselor or advisor to discuss transfer and the IGETC option as part of their student education plan.

“Avoid the Competition, Guarantee Yourself Admissions” University of California Transfer Admission Guarantee Program (TAG)

Seven UC campuses offer guaranteed admission to California community college students who meet specific requirements. By participating in a Transfer Admission Guarantee (TAG) program, you will receive early review of your academic records, early admission notification and specific guidance about major preparation and general education coursework.

The TAG Matrix (provides a list of participating campuses, eligibility criteria and campus-specific notes):
http://www.universityofcalifornia.edu/admissions/counselors/files/ETS11_TAGMatrix_rev070111.pdf

How to pursue TAG

- 1.) Fill out an online TAG application and review it with your community college counselor and/or UC campus TAG adviser.
<https://uctag.universityofcalifornia.edu/index.cfm>
- 2.) When your TAG is approved, fulfill all remaining coursework and GPA requirements in your TAG agreement.
- 3.) Apply for admission to UC during the appropriate filing period.
