

Intersegmental General Education Transfer Curriculum

This document, if completed as prescribed, will be certified by Citrus College as having satisfied the lower division general education requirements for the California State University (CSU) or the University of California (UC) systems. These requirements must be completed prior to enrolling at a CSU/UC campus. Course requirements for **ALL** areas must be completed with a grade of C or better. However, partial certification (i.e. certification of all but one or two courses in Areas III, IV, V) is allowed if the student can demonstrate good cause as to why they cannot complete full certification. **Coursework cannot be certified unless it was listed in IGETC during the year in which it was taken.**

This general education pattern was developed for students who are undecided as to where they want to transfer and for students who are not in a major that requires a high number of units for preparation (business, engineering, physical and natural science). Some colleges and universities DO NOT accept this certification. Talk to your counselor or advisor to ensure this will fulfill the requirement at your intended transfer institution.
