Student Success Scorecard

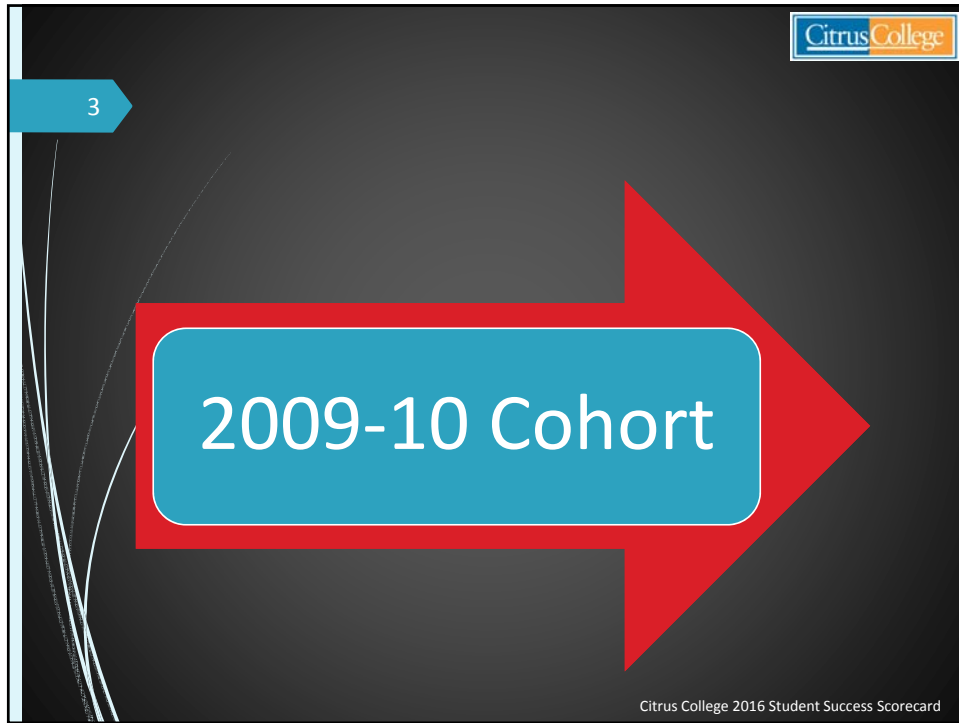

In its commitment to increase transfer and degree and certificate attainment, the California Community Colleges Board of Governors has established a performance measurement system that tracks student success at all 112 community colleges.

This scorecard represents an unprecedented level of transparency and accountability on student progress and success metrics in public higher education in the United States. The data available in this scorecard tell how well colleges are doing in remedial instruction, job training programs, retention of students and graduation and completion rates.

With data reported by gender, age and ethnicity, colleges, students and the public can also better determine if colleges are narrowing achievement gaps, which is vitally important for our students and our state's economy.

Please contact us at scorecard@ccccc.edu if you have questions about the data or [documentation](#) used to develop the Student Success Scorecard.

Founded in 1915, Citrus College is in Glendora in the foothills of the San Gabriel Mountains, approximately 25 miles northeast of metropolitan Los Angeles. The college is undergoing major facilities expansion that will change the look of the campus. Classes are offered on a 16-week calendar (fall and spring semesters), as well as in a variety of non-traditional scheduling options: six-week winter intersession, evenings, late start and early end, summer sessions and optional class formats, such as distance education online courses and distance education integrated classes.
