

Lucky is 13 years old and was found when he was a puppy. I was driving one night and found him terrified on the sidewalk after being hit by a car. I pulled over and took him to the Animal ER. We couldn't find his owners so we adopted him into our family. He loves to tease our cats in the backyard, steal food when we're not looking, or sunbathe on the porch. He is spoiled beyond belief and deserves every ounce of spoiling! We love him very much.
