

Mathematics Sequence of Courses for Fall 2019

Mathematics courses at Citrus College serve the mathematical needs for all programs at the college. We offer courses from arithmetic through differential equations. These mathematics courses enable students to fulfill developmental mathematics needs; complete associate degree, diploma and certificate requirements; meet upper-division transfer prerequisites; and accomplish a variety of individual academic and personal goals.

The Pathways Placement Mathematics Sequence of Courses shown below outlines the courses required for students pursuing a variety of potential career and degree pathways: Liberal Arts, Teacher Prep, Statistics, Bus/Soc Sci Calc and Pre-Calc/STEM.

Mathematics Sequence of Courses Continued

The Traditional Placement Mathematics Sequence of Courses is a broader overview of mathematics courses available, presented in a more traditional format.
