Title 5 Section 54220

The District has a student equity plan. Following approval by the Board of Trustees, the plan is filed with the California Community Colleges Chancellor's Office.

The production of the student equity plan should include:

- the active involvement of the constituent groups on campus;
- involvement by representatives from the community who can articulate the perspectives and concerns of historically underrepresented groups; and
- campus-based research relating to student equity.

The student equity plan shall address:

- institutional barriers to equity;
- goals for successful enrollment, term-to-term persistence, degree and certificate completion, transfer-level math and English completion, and transfer for each historically underrepresented group;
- activities most likely to be effective to attain the goals, including coordination of existing student equity related programs;
- sources of funds for activities in the plan;
- a schedule and process for evaluation of progress towards the goals; and
- an executive summary that describes the groups for whom goals have been set, the goals, the initiatives that the District will undertake to achieve the goals, resources budgeted for that purpose, and the District officer or employee who can be contacted for further information.

The student equity plan shall be developed, maintained, and updated under the supervision of the Vice President of Student Services.
