RE: Summer Session 2020

We at Citrus College hope that you and those close to you are in good health and remain that way as we head toward the summer months.

This update is to inform you that Citrus College will continue to deliver classes and student support services remotely during the summer 2020 session. Current students will receive their registration appointments beginning April 27, 2020, and registration begins May 11, 2020. The [online schedule of classes](#) for the summer 2020 session is now available.

You are invited to use the new [plan and register for classes](#) feature in the [my.citruscollege.edu](http://my.citruscollege.edu) portal. This option will take you to a new and improved version of WingSpan where you can view your registration status, create a plan for the upcoming term, search the class schedule and catalog, and register for classes on your appointment date.

If you need help selecting your classes, please [schedule an appointment](#) with an academic counselor as services will continue to be offered remotely.

Information regarding fall classes and registration will be made available in the near future. Thank you for your continued patience and support.
