

## POSITION DESCRIPTION

### Adapted Physical Education/Kinesiology Program Coordinator

---

**Position** ..... Adapted Physical Education/Kinesiology Program Coordinator  
**Department/Site** ..... Kinesiology  
**FLSA** ..... Non-Exempt  
**Evaluated by** ..... Dean of Kinesiology and Athletics  
**Salary Range** ..... 51

### Summary

The Adapted Physical Education (PE)/Kinesiology Program Coordinator works in partnership with instructors and department staff to ensure the success of the Adapted PE/Kinesiology Program and Adapted PE/Fitness Center facility. Collaborates with instructors in developing the course design for the year, updates the assessment protocol and implements changes to the individualized exercise program format based on class objectives. Plans, organizes, and coordinates the adapted PE and kinesiology noncredit programs, establishes uniformity and consistency with respect to document requirements, the performance of assessments and equal access for all students, and all kinesiology sponsored auxiliary programs.

### Essential Duties and Responsibilities

- Develops opportunities for enhancing student progress through online research; improvement in exercise protocols, adaptive equipment trends, and new techniques for fitness and aquatics.
- Assists in the planning, organizing, scheduling, and oversight of kinesiology noncredit programs and sponsored auxiliary programs (such as community programs and youth sports camps/programs).
- Acts as the liaison for intradepartmental communication to campus areas, such as academic affairs, student services, human resources, and finance and administrative services, as it pertains to Adapted PE/Kinesiology.
- Demonstrates the ability to adapt to student learning styles for a multi-dimensional diverse population.
- Modifies exercise programs based on medical recommendations and limitations for the physical, learning, or special needs students.
- Plans, develops, and administers an assessment program, using tools such as MicroFit software, SECA, and BTracks. Provides the instructor with data for customizing an individualized program of exercise combining assessment results, individual student limitations and the doctor's prescription/medical release.
- Uses Excel and computer publishing software to edit and produce forms for internal and external distribution. Collaborates with external relations and/or sports information coordinator on the creation of material for campus distribution.
- Updates online materials for the Adapted PE/Kinesiology program web pages with the web page specialist.
- Provides guidance to the aides in the Adapted PE areas and Adapted courses.
- Provides support to non-credit kinesiology instructors.
- Coordinates the maintenance, repair, and purchase of fitness center and adapted equipment with instructors and the division dean.
- Plans, organizes, schedules, and oversees year-end, scholarship awards, and Adapted PE Program events.
- Ensures facility accommodation guidelines are followed and accessible.

## **POSITION DESCRIPTION**
