Position Performing Arts Shop Coordinator
Department/Site Visual and Performing Arts
FLSA Non-Exempt
Evaluated by
Salary Range 36

Summary

Coordinates, schedules, and oversees crews, and performs technical work related to the construction of scenery and sets for college-based productions, and use of the scene shops and the performing arts facility by students, staff and the community. Maintains a safe and functional scene shop by repairing and inventorying the theater equipment.

Essential Duties and Responsibilities

- Plans and coordinates scenery construction by meeting with faculty and designers to determine needs, materials, budgets, timing, and crew requirements.
- Draws construction prints using computer-aided and/or manual drafting techniques. Prepares multi-dimensional views. Prepares material lists. Searches existing inventory for scenery and materials that can be modified to fit production needs.
- Constructs scenery and sets based on approved designs. Performs a variety of skilled carpentry duties such as, but not limited to, rough and finish work, painting, and assembly.
- Provides technical oversight, guidance, and training to student theatrical crew members in basic theater practices, scenery construction techniques, and safe work standards.
- Oversees the work of student helpers in the construction of scenery and sets. Plans and sequences construction and assembly steps, and schedules student crews accordingly to meet deadlines. Trains students in use of tools and construction techniques.
- Stores and inventories scenery that can be re-used. Removes and properly disposes of other scenery.
- Ensures the cleanliness and organization of the scenery shop and storage areas. Maintains continuous accessibility of the shop and storage areas to theater production, class, and outside group uses.
- Documents various work activities including labor and expenses associated with construction. Receives and processes invoices for purchased items.
- May develop work schedules for short-term employees and student workers.
- Performs other duties as assigned that support the overall objective of the position.

Qualifications

- Knowledge and Skills

- Requires working knowledge of the principles, techniques, methods, and equipment used in the construction of sets and scenery, and other technical aspects of theatrical production.
- Requires in-depth knowledge of the operational methods of a scene shop, including stage design and scene construction, painting and rigging.
- Requires in-depth knowledge of construction scheduling and sequence methods.
- Requires a working knowledge of the installation, maintenance, and repair of lighting, sound and other theatrical equipment.
