Citrus College to Hold Information Session to Help Displaced ITT Tech Students

Glendora, CA – To assist recently displaced ITT Technical Institute students, Citrus College will hold a special information session for those students to learn about the programs and opportunities available at the college. The information session will be held Thursday, September 22 from 1-3 p.m., in the Student Services Building, room 281, 1000 West Foothill Boulevard, Glendora.

Representatives from Citrus College’s academic advising, financial aid and admissions departments will be available to answer questions and provide direction. Students still have time to enroll in courses that begin in October. Winter session classes begin January 3.

“Citrus College advisers can help students determine the next course of action academically as well as options available for financial aid,” said Dr. Martha McDonald, vice president, Student Services. “With the sudden announcement, we want to make sure ITT students are aware of our offerings here at the college and how our staff is ready to assist them.”

For more details about the information sessions, contact Citrus College’s office of School Relations and Outreach at (626) 857-4162. To learn more about Citrus College’s 90-plus degree and certificate programs, visit www.citruscollege.edu
