My name is Margo. I'm 6 years old. I was found abandoned in a box in Los Angeles. Lee Ann rescued me and now I'm thriving as Queen of the House! I enjoy being disruptive during Zoom meetings and improvising on the piano whenever Lee Ann is practicing. I also interrupt her when she's doing yoga and sprints. I love sleeping in the sun, politely pawing before jumping on her lap, and I can identify wasps, spiders, and ants inside the house.

Follow me on Instagram www.instagram.com/sixpoundsofsass/ and YouTube (Six Pounds of Sass) and see me clear levels of the toilet paper wall challenge!
