Bartend Like A Rock Star - The Business Of Bartending

Quick and Easy! Why pay more? This exceptional course will prepare you to work as a bartender in all types of establishments, while also teaching you the business side of the beverage industry. This practical and effective method of instruction is sweeping the industry and updating old ways of thinking.

Professional bartending requires so much more than knowing how to put ice in a glass and adding the proper ingredients. This class will prepare you to be a great salesperson, a customer service expert, and an honest and valuable employee—all skills that will help you succeed in the real world of bartending. The lessons taught are extremely beneficial to managers, waitresses and novice bartenders.

Though liquor is not used in class, you will be taught in detail how to practice making cocktails on your own. Other topics included are glassware, tools, recipes, pouring the perfect shot using the “tail,” bar terms, wine and champagne service, martinis, high-volume sales techniques, laws, responsible beverage service, job interviews and resumes. Additionally, this course will teach you to start your own bartending service and alternative ways to make money in the beverage industry.

The Business of Bartending will leave you with a thorough understanding of:

- How the bar business works
- The ethics of serving cocktails
- A common sense approach to bartending

Upon completion of the course, you will receive a Professional Certificate for Bartending. Those who score 90% or above on the quiz will also receive the Master’s Certificate of Excellence. Unclutter Your Mind

The voices in your head will not stop talking. You think about the tasks, the deadlines, and the promises and commitments you made to everyone. You are tired from lack of sleep, stressed about money issues, and worried about your health and your loved ones. Every day there is an emergency at home or at work or both! You find yourself creating difficulties in the present and reliving situations and experiences from the past. So, how do you deal with all the clutter in your mind? Change the way you think! Gandhi said we should not mistake what is habitual for what is normal. We are not born with unhealthy habits or thoughts. Since we learned unhealthy behaviors, we can unlearn them. You will get specific tools that will help YOU...if you are willing.

During this workshop, you'll learn how to:

- See, let go, and change the way you think
- Perform breathing, meditation, and other exercises allowing your mind to un-clutter, focus, and be still
- Practice thoughts of appreciation, compassion, and forgiveness for yourself and for others

We can train our minds to think and to see in a different way. Use these tools and rediscover your true self. Experience the inner ease and peace that you want. With your mind at peace, everyone around you will share in your peace.

Student Right-to-Know

In compliance with the Student Right-To-Know and Campus Security Act of 1990, it is the policy of the Citrus Community College District and Citrus College to make available its completion and transfer rates to all current and prospective students.

Student Right-To-Know (SRTK) refers to a Federally-mandated public disclosure of a college's Completion Rate and Transfer Rate. The intent of SRTK is to provide to the consumer a statistic of comparable effectiveness that they can use in the determination of college choice. All colleges nationwide are effectively required to participate in the disclosure of rates by January 2000.

SRTK is a "cohort" study; that is, a group of students who are first-time freshmen who are enrolled full-time and are degree-seeking is identified in a fall term and their outcomes are measured over a period of time. The outcomes that the two SRTK rates measure are Completion (the total number of students in the cohort who earn either a degree, a certificate, or who successfully completed a two-year equivalent transfer-preparatory program) and Transfer (the total number of cohort non-completers who were identified as having enrolled in another institution). The tracking period of the cohorts is three (3) years, at which time the SRTK rates are calculated and made public.

SRTK Rates are derived and reported yearly on the IPEDS-GRS (Integrated Postsecondary Educational Data System-Graduation Rate Survey). The IPEDS-GRS also tracks part-time student cohorts over a six (6) year period; however, full-time cohort status after 3 years is the only basis for calculating SRTK rates.

Access to the Citrus College Student Right-To-Know Rates and further information about the rates and how they should be interpreted is available through the "Student Right-To-Know Information Clearinghouse Web site" maintained by the Chancellor's Office, California Community Colleges at <http://srk.cccco.edu/index.asp>

Derecho de los Estudiantes a la Información

En cumplimiento del Acta de Derecho de los Estudiantes a la Información y del Acta de Seguridad en el Campus de 1990, es la política de Distrito Citrus Community College y de Citrus College hacer disponible la información sobre los tasa de transferencia y de cursos completados a todos los estudiantes actuales y futuros.

El Derecho de los Estudiantes a la Información (Student Right-To-Know, SRTK por sus siglas en inglés) se refiere al mandato federal que requiere que se haga pública la tasa del porcentaje de estudiantes que se transfieren y que terminan los requisitos. La intención de SRTK es ofrecer al consumidores estadísticas comparativas para que puedan determinar cualquier colegio seleccionador. Se requiere que todos los colegios a nivel nacional participen de forma efectiva en hacer pública esta información a partir del 2000.

SRTK es un "grupo específico" del cual se adquiere información, lo que quiere decir que un grupo de estudiantes que por primera vez entran al colegio, estudiantes "freshmen" que están inscritos de tiempo completo en busca de un título, se inscriben durante el otoño y el resultado de su estudiantes se mide a lo largo de un periodo de tiempo. Los resultados que mide SRTK son la tasa de Cumplimiento (el total del número de estudiantes en el "grupo específico" que logran obtener su título, certificado, o que de forma exitosa terminan un programa equivalente de dos años de transferencia) y la tasa de Transferencias (el número total del "grupo específico" que no logran completar el curso de estudios y fueron identificados de haberse inscrito en otra institución).

El periodo de colección de información del grupo específico es de tres (3) años, durante el cual las tasas de SRTK serán calculadas y se harán públicas. Las Tasas de SRTK se derivan y se reportan cada año en el IPEDS-GRS (Integrated Postsecondary Educational Data System-Graduation Rate Survey por sus siglas en inglés). El IPEDS-GRS también colecciona información de estudiantes de grupos específicos de medio tiempo durante el transcurso de seis (6) años; sin embargo, la base para calcular la tasa de SRTK para los estudiantes de tiempo completo dentro de los grupos específicos sólo se colecciona por tres años.

Acceso a las Tasas y al Derecho de Información para Estudiantes de Citrus College e información adicional sobre las tasas y sobre cómo deben interpretarse está disponible en el sitio de internet de Acceso a la Información "Student Right-To-Know Information Clearinghouse Web site" mantenido por la Oficina del Canciller de los Colegios Comunitarios de California <http://srk.cccco.edu/index.asp>
