Unclutter Your Mind

Did you know that the average person thinks over 12,000 thoughts per day? That our minds never sleep, functioning even when the body is at rest? And that most of our thoughts bombard us with fear, frustration, anger and self-judgment? The good news is we can change the way we think. Gandhi put it perfectly when he said we should not mistake what is habitual for what is normal. We are not born with unhealthy habits or thoughts. Since we learned them, we can unlearn them. And helps others do the same. During this workshop, you'll learn how to:

- identify, let go, and change the way you think
- perform breathing, meditation, and other exercises allowing your mind to un-clutter, focus, and be still
- use simple tools to think and feel differently
- practice thoughts of appreciation, compassion, and forgiveness for yourself and for others

We can retrain and un-clutter our mind to see and think differently. Using these tools will help you rediscover your true self and experience the inner ease and peace you desire. When your mind is at peace, you send peace to everyone around you.

Citrus College toma este tema del hostigamiento sexual y la violencia sexual muy en serio, y es proactivo en ofrecer un ambiente seguro a sus estudiantes y visitantes. Para lograrlo, Citrus College ofrece información y programas de prevención a todos los estudiantes y personal para ayudar a prevenir el riesgo de casos de hostigamiento sexual y de violencia sexual en el campus. Written student consent is required for access and release of information defined as educational records in the federal and state laws as described in Citrus College AP 5040. Such a notice of restriction will remain in effect until it is countermanded in writing. Additionally, the law provides that a student may request access to the college records which are personally identifiable to that student, and may challenge the accuracy or the appropriateness of retention of information in the college record.

Questions concerning student's rights under the privacy act should be directed to the Admissions and Records Office, 626-914-8511.

La información contenida en el directorio estudiantil (Nombre, dirección, teléfono, lugar y fecha de nacimiento, programa de estudios, horario de clases, participación en actividades o deportes del colegio, el peso y la estatura de los miembros de equipos atléticos, fechas de asistencia, títulos o premios recibidos) no podrá ser obtenida a menos que la oficina de "Admissions and Records" reciba una notificación por escrito por parte del estudiante, reservándose el derecho a aprobar el acceso a la información contenida en el directorio estudiantil. Esta restricción se mantendrá en efecto hasta que sea contradicha por escrito. Además, la ley indica que un estudiante puede tener acceso a su propio expediente académico y poner a tela de juicio la exactitud o la conveniencia de mantener cierta información en dicho expediente. Cualquier pregunta concerniente a los derechos de los estudiantes bajo la ley de confidencialidad deben ser dirigidas a la oficina de "Admissions and Records," 626-914-8511.

Student Right-to-Know

In compliance with the Student Right-To-Know and Campus Security Act of 1990, it is the policy of the Citrus Community College District and Citrus College to make available its completion and transfer rates to all current and prospective students.

Student Right-To-Know (SRTK) refers to a Federally-mandated public disclosure of a college's Completion Rate and Transfer Rate. The intent of SRTK is to provide to the consumer a statistic of comparable effectiveness that they can use in the determination of college choice. All colleges nationwide are effectively required to participate in the disclosure of rates by January 2000.

SRTK is a "cohort" study; that is, a group of students who are first-time freshmen who are enrolled full-time and are degree-seeking is identified in a fall term and their outcomes are measured over a period of time. The outcomes that the two SRTK rates measure are Completion (the total number of students in the cohort who earn either a degree, a certificate, or who successfully completed a two-year-equivalent transfer-preparatory program) and Transfer (the total number of cohort non-completers who were identified as having enrolled in another institution). The tracking period of the cohorts is three (3) years, at which time the SRTK rates are calculated and made public.

SRTK Rates are derived and reported yearly on the IPEDS-GRS (Integrated Postsecondary Educational Data System-Graduation Rate Survey). The IPEDS-GRS also tracks part-time student cohorts over a six (6) year period; however, full-time cohort status after 3 years is the only basis for calculating SRTK rates.

Access to the Citrus College Student Right-To-Know Rates and further information about the rates and how they should be interpreted is available through the "Student Right-To-Know Information Clearinghouse Web site" maintained by the Chancellor's Office, California Community Colleges at <http://srk.cccco.edu/index.asp>

Derecho de los Estudiantes a la Información

En cumplimiento del Acta de Derecho de los Estudiantes a la Información y del Acta de Seguridad en el Campus de 1990, es la política de Distrito Citrus Commu-

nity College y de Citrus College hacer disponible la información sobre los tasa de transferencia y de cursos completados a todos los estudiantes actuales y futuros.

El Derecho de los Estudiantes a la Información (Student Right-To-Know, SRTK por sus siglas en inglés) se refiere al mandato federal que requiere que se haga pública la tasa del porcentaje de estudiantes que se transfieren y que terminan los requisitos. La intención de SRTK es ofrecer al consumidor estadísticas comparativas para que puedan determinar cualquier colegio seleccionador. Se requiere que todos los colegios a nivel nacional participen de forma efectiva en hacer pública esta información a partir del 2000.

SRTK es un "grupo específico" del cual se adquiere información; lo que quiere decir que un grupo de estudiantes que por primera vez entran al colegio, estudiantes "freshmen" que están inscritos de tiempo completo en busca de un título, se inscriben durante el otoño y el resultado de sus estudiantes se mide a lo largo de un periodo de tiempo. Los resultados que mide SRTK son la tasa de Cumplimiento (el total del número de estudiantes en el "grupo específico" que logran obtener su título, certificado, o que de forma exitosa terminan un programa equivalente de dos años de transferencia) y la tasa de Transferencias (el número total del "grupo específico" que no lograron completar el curso de estudios y fueron identificados de haberse inscrito en otra institución).

El periodo de colección de información del grupo específico es de tres (3) años, durante el cual las tasas de SRTK serán calculadas y se harán públicas. Las Tasas de SRTK se derivan y se reportan cada año en el IPEDS-GRS (Integrated Postsecondary Educational Data System-Graduation Rate Survey por sus siglas en inglés). El IPEDS-GRS también colecciona información de estudiantes de grupos específicos de medio tiempo durante el transcurso de seis (6) años; sin embargo, la base para calcular la tasa de SRTK para los estudiantes de tiempo completo dentro de los grupos específicos sólo se colecciona por tres años.

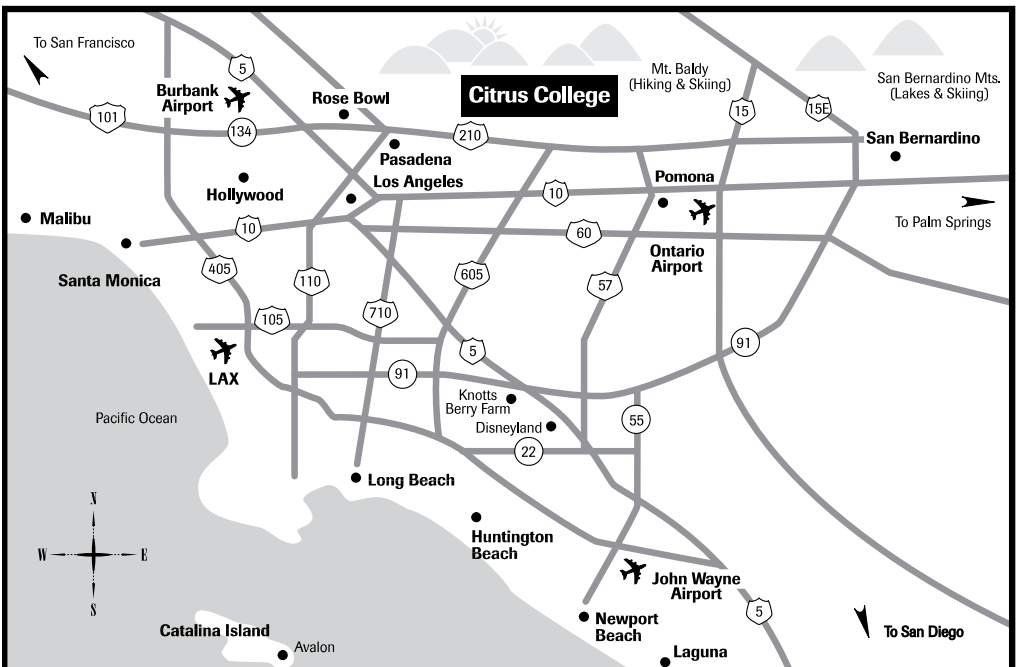

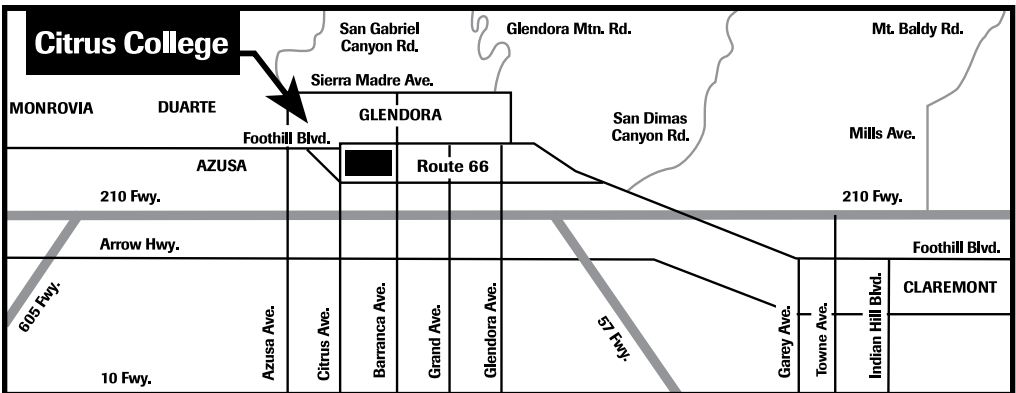

Acceso a las Tasas y al Derecho de Información para Estudiantes de Citrus College e información adicional sobre las tasas y sobre cómo deben interpretarse está disponible en el sitio de internet de Acceso a la Información "Student Right-To-Know Information Clearinghouse Web site" mantenido por la Oficina del Canciller de los Colegios Comunitarios de California <http://srk.cccco.edu/index.asp>

Reading programs for younger students build comprehension and students learn the phonics and fluency skills they need to become strong readers.

Programs for older students and adults are geared toward improving comprehension and study skills, vocabulary, and speed reading.

The skills taught in the classes reinforce the importance of reading for pleasure and developing a lifelong love of books.

The programs are taught by instructors from the Institute of Reading Development. Tuition and materials fees vary by program level. Programs meet on campus and begin July 24th.
