Unclutter Your Mind

Did you know that the average person thinks about twelve thousand thoughts per day? Our minds never sleep, functioning 24/7, dreaming even when the body must rest. And most of our thoughts focus on fear, worries, survival and helplessness. Do you need or enjoy these thoughts? And if you don't, then why do you keep inviting them into your mind? Now, for the most important question, do you know you can stop this useless mind chatter? You can retrain and unclutter your mind to 'see' and to perceive your thoughts differently. During this workshop, you'll learn how to:

- identify and let go of your fearful thoughts
- use simple tools to unclutter and retrain your mind
- do breathing and meditating exercises to allow your mind to refocus and be still
- practice the thoughts of appreciation, compassion, and forgiveness for yourself and for others

When you unclutter your mind, you enjoy peace of mind. When your mind is at peace, you send peace to everything and to everyone around you.

Written student consent is required for access and release of information defined as educational records in the federal and state laws as described in Citrus College AP 5040. A student's directory information (student's name, address, telephone number, date and place of birth, major field of study, class schedule, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and most recent previous public or private school attended) may be released upon request unless the Admissions and Records Office receives written notification that a student reserves the right to authorize in writing, on an individual request basis, the access and release of the directory information. Such a notice of restriction will remain in effect until it is countermanded in writing. Additionally, the law provides that a student may request access to the college records which are personally identifiable to that student, and may challenge the accuracy or the appropriateness of retention of information in the college record.

Questions concerning student's rights under the privacy act should be directed to the Admissions and Records Office, 626-914-8511.

Reglas de Derechos & Privacidad

Los récords de los estudiantes de Citrus College se archivan de acuerdo al Código de educación, Título 5, Código Civil de California y el Acta U.S. Patriot. Se requiere por escrito el consentimiento del estudiante para tener acceso o para entregar información que sea definida como récord educativo tal y como lo describen las leyes federales y estatales en Citrus College AP 5040.

La información contenida en el directorio estudiantil (Nombre, dirección, teléfono, lugar y fecha de nacimiento, programa de estudios, horario de clases, participación en actividades o deportes del colegio, el peso y la estatura de los miembros de equipos atléticos, fechas de asistencia, títulos o premios recibidos) no podrá ser obtenida a menos que la oficina de “Admissions and Records” reciba una notificación por escrito por parte del estudiante, reservándose el derecho a aprobar el acceso a la información contenida en el directorio estudiantil. Esta restricción se mantendrá en efecto hasta que sea contradicha por escrito. Además, la ley indica que un estudiante puede tener acceso a su propio expediente académico y poner a tela de juicio la exactitud o la conveniencia de mantener cierta información en dicho expediente. Cualquier pregunta concerniente a los derechos de los estudiantes bajo la ley de confidencialidad deben ser dirigidas a la oficina de “Admissions and Records,” 626-914-8511.

Student Right-to-Know

In compliance with the Student Right-To-Know and Campus Security Act of 1990, it is the policy of the Citrus Community College District and Citrus College to make available its completion and transfer rates to all current and prospective students.

Student Right-To-Know (SRTK) refers to a Federally-mandated public disclosure of a college's Completion Rate and Transfer Rate. The intent of SRTK is to provide to the consumer a statistic of comparable effectiveness that they can use in the determination of college choice. All colleges nationwide are effectively required to participate in the disclosure of rates by January 2000.

SRTK is a “cohort” study; that is, a group of students who are first-time freshmen who are enrolled full-time and are degree-seeking is identified in a fall term and their outcomes are measured over a period of time. The outcomes that the two SRTK rates measure are Completion (the total number of students in the cohort who earn either a degree, a certificate, or who successfully completed a two-year-equivalent transfer-preparatory program) and Transfer (the total number of cohort non-completers who were identified as having enrolled in another institution). The tracking period of the cohorts is three (3) years, at which time the SRTK rates are calculated and made public.

SRTK Rates are derived and reported yearly on the IPEDS-GRS (Integrated Postsecondary Educational Data System-Graduation Rate Survey). The IPEDS-GRS also tracks part-time student cohorts over a six (6) year period; however, full-time cohort status after 3 years is the only basis for calculating SRTK rates.

Access to the Citrus College Student Right-To-Know Rates and further information about the rates and how they should be interpreted is available through the “Student Right-To-Know Information Clearinghouse web site” maintained by the Chancellor's Office, California Community Colleges at <http://srnk.cccco.edu/index.asp>
