Community Education

Fee-Based Classes

Community Education classes are supported by your class fees, not state funds. We determine fees based on length of class, instructor's salary, administrative and operating costs, course materials, minimum enrollment and rental factors. Fees don't include textbooks or supplies. The class descriptions indicate those classes that have an extra charge for materials.

Register In Advance

You must pre-register for Community Education classes. Pre-registering secures your space in a class you want to take. (Some classes have limited enrollment.) It helps us determine if a class will be held or canceled, and it allows us to notify you if a class is canceled. All classes are subject to change and/or cancellation at the discretion of the department.

You can register any time after you receive this schedule. You don't need an appointment to register. You will not be able to register in the classroom without prior approval of the Community Education Office.

When Are Classes Offered?

Community Education classes are flexible. You can take a class that meets just one day or a class that meets for several weeks. Most classes are offered evenings and weekends. You'll also find special all-day workshops and seminars.

Winter/Spring 2010 Semester Begins January 4 and Ends June 12

However, class start and end dates vary throughout the semester. Be sure to check class dates listed in the schedule carefully, so you don't miss the class that you want to take.

Winter/Spring 2010 Semester Holidays

Classes will not meet on the following dates:

January 16-18	Martin Luther King Day
February 12-15	Presidents' Day
April 12-17	Spring Break
May 29-31	Memorial Day

Where Do Classes Meet?

Most classes meet on the Citrus College campus. You can find the location of the building where your class meets on the map in the back of this schedule. A few classes are held in local communities.

Addresses are given for the classes that meet off campus.

Who Teaches The Classes?

Classes are taught by experts in their fields who bring hands-on, practical information to the classroom. They present class materials in a format that is appropriate to the audience served.

Who Can Enroll?

Community Education classes are open to all adults in the community. Children and teens can take classes through College for Kids.

Unclutter Your Mind

According to the National Science Foundation, the average person thinks about twelve thousand thoughts per day. Our minds never sleep, functioning 24/7, dreaming even when the body must rest. We know that our minds chatter with undisciplined and untrained thoughts. And most of our thoughts focus on fear, survival and helplessness. We believe we ‘can’t help it.’ Yet the reality is we can help it. We can always choose to change our minds. In this class, you’ll learn how to let go and:

- understand that the power of decision is your one remaining freedom
- use simple exercises to unclutter and retrain your mind
- breathe and meditate to calm your body allowing the mind to refocus and be still
- practice appreciation, compassion, and forgiveness for yourself and others

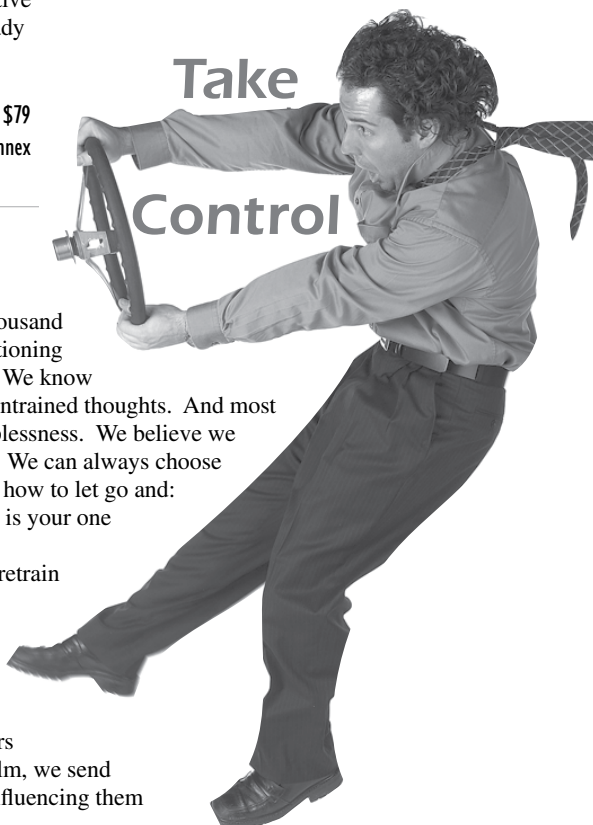

When our mind is silent, uncluttered, and calm, we send peace to everything and everyone around us, influencing them deeply including ourselves.

Student Right-to-Know

In compliance with the Student Right-To-Know and Campus Security Act of 1990, it is the policy of the Citrus Community College District and Citrus College to make available its completion and transfer rates to all current and prospective students.

Student Right-To-Know (SRTK) refers to a Federally-mandated public disclosure of a college's Completion Rate and Transfer Rate. The intent of SRTK is to provide to the consumer a statistic of comparable effectiveness that they can use in the determination of college choice. All colleges nationwide are effectively required to participate in the disclosure of rates by January 2000.

SRTK is a "cohort" study; that is, a group of students who are first-time freshmen who are enrolled full-time and are degree-seeking is identified in a fall term and their outcomes are measured over a period of time. The outcomes that the two SRTK rates measure are Completion (the total number of students in the cohort who earn either a degree, a certificate, or who successfully completed a two-year-equivalent transfer-preparatory program) and Transfer (the total number of cohort non-completers who were identified as having enrolled in another institution). The tracking period of the cohorts is three (3) years, at which time the SRTK rates are calculated and made public.

SRTK Rates are derived and reported yearly on the IPEDS-GRS (Integrated Postsecondary Educational Data System-Graduation Rate Survey). The IPEDS-GRS also tracks part-time student cohorts over a six (6) year period; however, full-time cohort status after 3 years is the only basis for calculating SRTK rates.

Access to the Citrus College Student Right-To-Know Rates and further information about the rates and how they should be interpreted is available through the "Student Right-To-Know Information Clearinghouse web site" maintained by the Chancellor's Office, California Community Colleges at <http://srnk.cccco.edu/index.asp>
