Fee-Based Classes

Community Education classes are supported by your class fees, not state funds. We determine fees based on length of the class, instructor's salary, administrative and operating costs, course materials, minimum enrollment, and rental factors. Fees don't include textbooks or supplies. The class descriptions indicate those classes that have an extra charge for materials.

Community Education classes are flexible. You can take a class that meets just one day or a class that meets for several weeks. Most classes are offered evenings and weekends. You'll also find special all-day workshops and seminars.

Registering

You must pre-register for Community Education classes. Pre-registering secures your space in a class you want to take (some classes have limited enrollment). It helps us determine if a class will be held or canceled, and it allows us to notify you if a class is canceled. All classes are subject to change and/or cancellation at the discretion of the department. **Classes may be canceled up to three days before the class start date if the minimum enrollment is not met.** You can register any time after you receive this schedule. You don't need an appointment to register. You will not be able to register in the classroom without prior approval of the Community Education Office.

Who Teaches The Classes?

Classes are taught by experts in their fields who bring hands-on, practical information to the classroom. They present class materials in a format that is appropriate to the audience served.

Who Can Enroll?

Community Education classes are open to all adults in the community. Children and teens can take classes through the Youth Program.

When Are Classes/Courses Offered?

Fall 2019 semester begins Aug. 23, 2019.

The fall semester ends Dec. 14, 2019.*

7 Strategies to Control Your Thoughts

Thinking happens naturally. We think, and we think a lot. However, what happens when our thoughts keep us awake, are negative, fearful, repetitive, distorted and intrusive? Simply put, they are destructive. They affect us, our results and our success.

Learn how to control your thoughts as opposed to your thoughts controlling you. When you apply the 7 Strategies to interrupt this obsessive behavior, it will have a positive impact on your life.

These 7 Strategies work when you use them. Test out each strategy and see which one works best for you:

- Discover how you think and what you think about
- See your thoughts differently without judgment
- Apply the 7 Strategies to retrain the way you think
- Respond rather than react
- Use simple breathing and meditation tools to help your mind focus and be still
- Learn to appreciate, have compassion and be forgiving for yourself and others

We can retrain our minds to think and to see differently. Use these 7 Strategies to consciously choose inner ease and peace each day. Let your new way of thinking radiate from the inside out.

Paranormal Personal History

Have you ever seen a ghost? Have you known something was going to happen before it happened? Have you experienced something that cannot be explained? This community education course will explore personal experiences of paranormal events including telepathy, precognition, clairvoyance, psychokinesis, near-death experiences, reincarnation, apparitional experiences, angels and demons.

With the premise that experience rather than belief in the paranormal is the best teacher, students will share their own paranormal experience, and the instructor will guide them through some of the literature and theories behind these phenomena. We will read a course book together, and speakers (psychologists, philosophers, clergy, psychics and other surprise guests) will enhance our classroom experience. A field trip to local paranormal site is also planned. Students will be able to freely discuss and analyze their experiences within the context of other well-documented paranormal phenomena and prevailing theoretical frameworks. The course will provide a friendly and affirming environment in which students can share their experiences and gain personal insights.

No community can be totally risk-free in today's society. However, working together, students, faculty, staff, and visitors can all help to create an atmosphere which is as safe and crime-free as possible. Sections 66281.5 and 67385.7 of the Education Code requires that community college districts adopt and implement procedures to ensure prompt response to victims of sexual harassment and sexual violence which occur on campus, as well as, providing them with information regarding treatment options and services. Citrus College takes the issue of sexual harassment and sexual violence very seriously and is proactive in offering a safe environment for students and visitors. For this, Citrus College offers informational and preventive programs to all students and staff to help prevent the risk of sexual harassment and sexual violence on campus. Additional information is available through the Sexual Violence Prevention Statement on the college website at www.citruscollege.edu.

Student Right-to-Know

In compliance with the Student Right-To-Know and Campus Security Act of 1990, it is the policy of the Citrus Community College District and Citrus College to make available its completion and transfer rates to all current and prospective students. Student Right-To-Know (SRTK) refers to a Federally-mandated public disclosure of a college's Completion Rate and Transfer Rate. The intent of SRTK is to provide to the consumer a statistic of comparable effectiveness that they can use in the determination of college choice. All colleges nationwide are effectively required to participate in the disclosure of rates by January 2000.

SRTK is a "cohort" study; that is, a group of students who are first-time freshmen who are enrolled full-time and are degree-seeking is identified in a fall term and their outcomes are measured over a period of time. The outcomes that the two SRTK rates measure are Completion (the total number of students in the cohort who earn either a degree, a certificate, or who successfully completed a two-year-equivalent transfer-preparatory program) and Transfer (the total number of cohort non-completers who were identified as having enrolled in another institution). The tracking period of the cohorts is three (3) years, at which time the SRTK rates are calculated and made public.

SRTK Rates are derived and reported yearly on the IPEDS-GRS (Integrated Postsecondary Educational Data System- Graduation Rate Survey). The IPEDS-GRS also tracks part-time student cohorts over a six (6) year period; however, full-time cohort status after 3 years is the only basis for calculating SRTK rates.

Access to the Citrus College Student Right-To-Know Rates and further information about the rates and how they should be interpreted is available through the "Student Right-To-Know Information Clearinghouse website" maintained by the Chancellor's Office, California Community Colleges at <http://srk.cccco.edu/index.asp>

Derecho de los Estudiantes a la Información

En cumplimiento del Acta de Derecho de los Estudiantes a la Información y del Acta de Seguridad en el Campus de 1990, es la política de Distrito Citrus Community College y de Citrus College hacer disponible la información sobre los tasa de transferencia y de cursos completados a todos los estudiantes actuales y futuros.

El Derecho de los Estudiantes a la Información (Student Right-To-Know, SRTK por sus siglas en inglés) se refiere al mandato federal que requiere que se haga pública la tasa del porcentaje de estudiantes que se transfieren y que terminan los requisitos. La intención de SRTK es ofrecer al consumidores estadísticas comparativas para que puedan determinar cualquier colegio seleccionador. Se requiere que todos los colegios a nivel nacional participen de forma efectiva en hacer pública esta información a partir del 2000.

SRTK es un "grupo específico" del cual se adquiere información; lo que quiere decir que un grupo de estudiantes que por primera vez entran al colegio, estudiantes "freshmen" que están inscritos de tiempo completo en busca de un título, se inscriben durante el otoño y el resultado de su estudiantes se mide a lo largo de un periodo de tiempo. Los resultados que mide SRTK son la tasa de Cumplimiento (el total del número de estudiantes en el "grupo específico" que logran obtener su título, certificado, o que de forma exitosa terminan un programa equivalente de dos años de transferencia) y la tasa de Transferencias (el número total del "grupo específico" que no lograron completar el curso de estudios y fueron identificados de haberse inscrito en otra institución).

El periodo de colección de información del grupo específico es de tres (3) años, durante el cual las tasas de SRTK serán calculadas y se harán públicas. Las Tasas de SRTK se derivan y se reportan cada año en el IPEDS-GRS (Integrated Postsecondary Educational Data System- Graduation Rate Survey por sus siglas en inglés). El IPEDS-GRS también colecciona información de estudiantes de grupos específicos de medio tiempo durante el transcurso de seis (6) años; sin embargo, la base para calcular la tasa de SRTK para los estudiantes de tiempo completo dentro de los grupos específicos sólo se colecciona por tres años.

Acceso a las Tasas y al Derecho de Información para Estudiantes de Citrus College e información adicional sobre las tasas y sobre cómo deben interpretarse está disponible en el sitio de internet de Acceso a la Información "Student Right-To-Know Information Clearinghouse website" mantenido por la Oficina del Canciller de los Colegios Comunitarios de California <http://srk.cccco.edu/index.asp>
