

TECH TIP #9: CUSTOMIZE YOUR CANVAS DASHBOARD

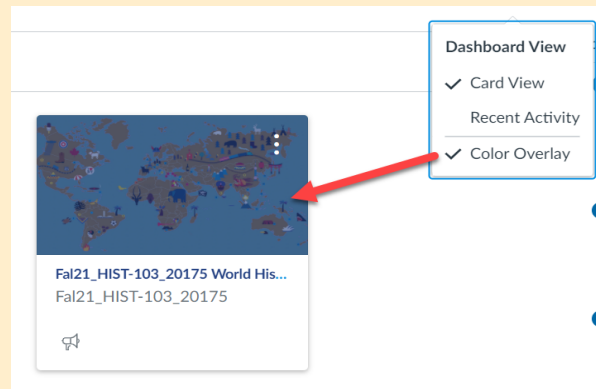

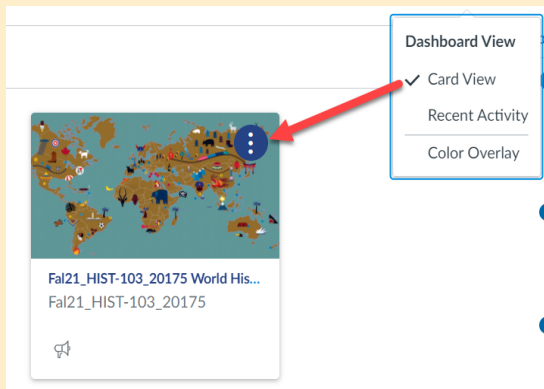

Canvas provides ways to customize your dashboard so that you can find active courses easily. Take a few moments to learn how.

1 You can customize the COURSECARDS on your dashboard

1. Click on the three dots in the upper right hand corner.
2. Customize the color.
3. Choose the location on the dashboard.
4. Provide a nick-name
5. Save your changes

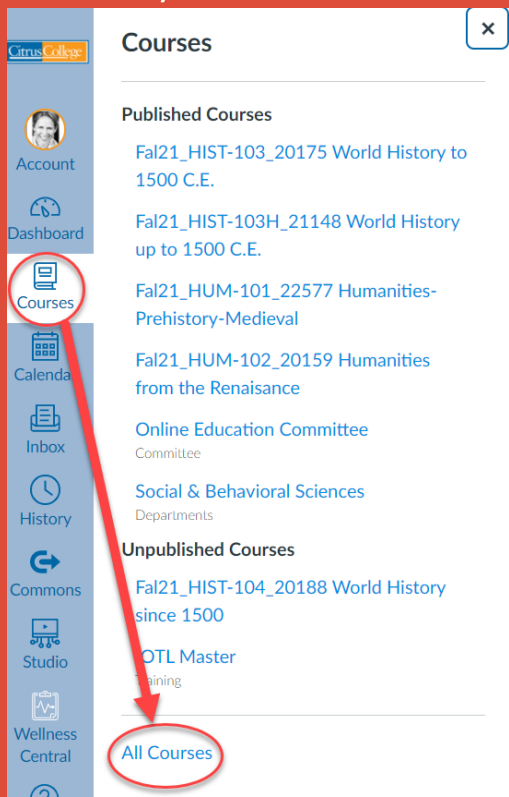

1b You can choose to have the color show as a button or as an OVERLAY on the course card.

Click on the three dots at the top of your dashboard to access these options.

2 You can customize which COURSES are displayed on your dashboard.

Select "COURSES" from the main navigation menu.

You will a list of the courses currently displayed on the dashboard.

Select "All Courses" to see you complete list.

2b Select or de-select courses that you wish to add or remove from the Dashboard.

Select the "Star" of the courses you want on the Dashboard

An orange star will display on the dashboard

★	Fal21_HUM-101_22577 Humanities-Prehistory-Medieval
★	Fal21_HUM-102_20159 Humanities from the Renaissance
☆	Introduction to Online Teaching & Learning IOTL Sp21
☆	Introduction to Online Teaching & Learning

De-select the "Star" of the courses you wish to hide on the Dashboard

An empty star will not display on the dashboard

Changes you make are only applied to YOUR Dashboard. Students can also select colors and nick-names.
